Philadelphia, PA (July 14, 2011) – Todd D. Kantorczyk, a partner with Manko, Gold, Katcher & Fox, LLP (MGKF), the environmental, energy and land use law firm based in Bala Cynwyd, PA, presented a webcast entitled “Environmental Compliance: Enforcement Actions on the Rise” on behalf of the Association of Corporate Counsel’s (“ACC’s”) Environmental & Sustainability Committee. The webcast was held July 14 at 1:00 p.m. ET. Kantorczyk outlined Emergency Planning and Community Right-to-Know Act (“EPCRA”) compliance requirements to help companies reduce the risk of enforcement actions. EPCRA, a federal program, is partially implemented (and sometimes made more stringent) by state and local legislation so it is critical for corporate and in-house counsel to understand how their companies may be impacted.

At MGKF, Kantorczyk focuses his practice on litigation and regulatory compliance counseling, covering a wide range of national, state and local environmental programs. He is a member of the ABA Committee on Climate Change, Sustainable Development and Ecosystems. Kantorczyk received his Juris Doctor from UCLA School of Law and his Bachelor of Arts in government from Cornell University.

With more than 28,000 members employed by over 10,000 organizations in more than 75 countries, ACC is the world's largest organization serving the professional and business interests of attorneys who practice in the legal departments of corporations, associations and other private-sector organizations around the globe.

MGKF concentrates its practice in environmental, energy, and land use law and litigation. It represents clients ranging from Fortune 100 corporations to small, privately held enterprises, both in the Mid-Atlantic region and on a national basis. MGKF was honored to be the top-rated law firm in the Top Workplaces 2011 survey by the Philadelphia Inquirer, Daily News and Philly.com. Offices are located at 401 City Avenue, Suite 500, Bala Cynwyd, Pennsylvania and 535 Route 38, Suite 145A, Cherry Hill, New Jersey.
