**JOHN GULLACE OF MANKO, GOLD, KATCHER & FOX, LLP  
TO SPEAK AT AMERICAN BAR ASSOCIATION SECTION OF ENVIRONMENT,  
ENERGY, AND RESOURCES' FALL LAW SUMMIT**

**Philadelphia, PA (September 16, 2009)** – John Gullace, a partner with Manko, Gold, Katcher & Fox, LLP (MGKF), an environmental, energy and land use law firm, will address attorneys at the American Bar Association Section of Environment, Energy, and Resources' (ABA SEER) annual fall meeting in Baltimore, MD, Wednesday, September 23 to Saturday, September 26. The four-day meeting will offer an opportunity for cross-sector education and discussion on environmental, energy and resource policy, regulation, and investment, with representatives from the Obama administration and NGO's, policy leaders, academics, and practitioners from throughout the United States presenting.

Gullace and co-speakers will present "Futuristica's Growing Pains Mock Public Hearing" on Thursday, September 24. This mock public hearing will pit a city council and community against each other. With the help of an alternative dispute resolution (ADR) facilitator, the stakeholders will make a decision on whether to site a liquefied natural gas (LNG) facility off of the community's near shore coast. On Friday, September 25, Gullace will speak on ADR during the meeting's Basic Practice Series program.

At MGKF, Gullace focuses his practice on environmental litigation and ADR matters and was recognized in 2005 as one of two Pennsylvania Rising Stars in the area of environmental litigation by Law & Politics. He has been a member of the Lower Merion Township Environmental Advisory Council since 2002 and was its Chair from 2005 through 2008. Gullace is a member of the Montgomery County Bar Association and served as the Chair of its Environmental Law Committee in 1999, 2000 and 2002 and was Vice-Chair in 2001. Gullace is also Programs Vice-Chair for the ABA SEER Alternative Dispute Resolution Committee.

Gullace has been a program organizer and speaker on various environmental topics, including environmental litigation, ADR, and local environmental initiatives for such organizations as the American Bar Association, the Pennsylvania Bar Institute, the Montgomery County Bar Association, the Pennsylvania Chamber of Business and Industry, and the Dispute Resolution Institute. He is also a member of the American and Pennsylvania Bar Associations.

ABA SEER's fall meeting will be held Wednesday, September 23 through Saturday, September 26 at the Baltimore Marriott Waterfront in Baltimore, MD. CLE credits will be offered.
