presented by
MANKO, GOLD, KATCHER & FOX, LLP
at 401 City Ave., Suite 901, Bala Cynwyd, PA 19004

Learn practical pointers on putting a plan in place and keeping a clear head when you have an emergency or one threatens your business or property.

Topics covered include:

- Significant events and the Incident Command System
- Incident and release reporting requirements
- OSHA investigations
- Emergency response planning
- Common omissions and issues in emergency response manuals

We'll work through two scenarios that could impact your business or property to help you develop your own plan...in case of an emergency.

Approved for 2.0 PACLE substantive credits.
