**Michael C. Nines, P.E., LEED AP,
of Manko, Gold, Katcher & Fox, LLP,
Presented “Infrastructure: Civil Works Projects for Lawyers”
for the American Bar Association on November 9, 2012**

Philadelphia, PA (November 12, 2012) – Technical consultant for Manko, Gold, Katcher & Fox, LLP (MGKF), Michael C. Nines, P.E., LEED AP, participated in a recent program for the American Bar Association Forum on the Construction Industry, “Infrastructure: Civil Works Projects for Lawyers”. Held on Friday, November 9, 2012, the panel provided construction lawyers and industry participants with a fundamental understanding of the key engineering and construction issues that govern major civil works projects. Nines specifically addressed environmental projects with a focus on solid waste issues.

A Pennsylvania-licensed professional engineer, Michael Nines has over 14 years of diverse environmental engineering experience gained through previous employment in the manufacturing sector, environmental consulting, and with an international chemical manufacturing trade association. He currently provides technical services to the firm's attorneys and clients regarding complex manufacturing processes, multi-media pollution control, and high-performance green building techniques.

MGKF concentrates its practice in environmental, energy, and land use law and litigation. It represents clients ranging from Fortune 100 corporations to small, privately held enterprises, both in the Mid-Atlantic region and on a national basis. MGKF was honored to be the top-

rated law firm in the Top Workplaces 2012 and 2011 surveys by the Philadelphia Inquirer, Daily News and Philly.com. Offices are located at 401 City Avenue, Suite 500, Bala Cynwyd, Pennsylvania; 535 Route 38, Suite 145A, Cherry Hill, New Jersey; and now at 25 West Third Street, Suite 303, Williamsport, Pennsylvania.
